What is Going On Tonight.  
Obedience Lodge, No. 16, I. O. O. F., meets at 807 Main street.

Since Mr. Young of this city, appointed Tuesday one of the special state policemen, by the state police commission, he told on the telephone page of The Bulletin, up to Wednesday night had received no notice of his appointment other than what he read in the papers and has no idea as to what department he has been assigned.

Mr. Young is well qualified for the duties as he has had many years' experience in police matters. He is a native of Ellington but has made his home in Willimantic for many years. For the past four years he has held the office of city sheriff, first being elected to the office in 1917. He has been constable of the town of Willimantic for eight years and since February 1, 1920, has held the appointment of probate officer for the Willimantic probate court. He also holds the position of special deputy sheriff of Windham county. For many years Mr. Young was a member of the Willimantic fire department. He is engaged in an electrical supply and contracting business in this city.

Within a few years Willimantic has advanced from a one district city to one having four full fledged corps. The

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a yellow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

oldest in the Thread City. Continental Drum Corps, organized November 11, 1918. In July of this year the Odell M. Chapman Drum Corps was organized. The two latest additions to the order of drummers are the Boy Scouts Drum Corps of St. Joseph's church, and St. Mary's Drum Corps of St. Mary's parish. The two youngest corps have as their teachers members of the older corps and St. Mary's Corps is to be led by Joseph F. Gaudreau, leader of the boys' choir.

A Cadillac seven-passenger touring car bearing the Rhode Island registry number 21-98 and believed to have been stolen, was partially destroyed by fire, late Monday night, on the state highway about two miles west of Clark Corner. The car was hauled to a local garage Wednesday morning upon orders of Deputy Motor Vehicle Inspector John B. Edgerton. Since the fire the car had been stripped of everything removable.

Fifty men of Company G, 168th Infantry, fired rifles, left at noon Wednesday from the state armory on Pleasant street to attend the 150th anniversary of the Governor's Foot Guard at Hartford. The schedule of the day's activities for the local boys included parade in full uniform at 3:30 p. m., review before Governor Everett J. Lake and General Clarence R. Edwards at 5 p. m., and the big military ball at the state armory at 9 o'clock. The local company returned to this city early this (Thursday) morning.

Louis Caluso pleaded guilty to a charge of indecent exposure Wednesday morning in police court and asked for leniency. He was fined \$5 and costs, amounting to \$11.50, which was paid.

A Cole eight, owned by a Norwich party and driven by Leo Lamoureux, of this city, was badly damaged late Tuesday evening when sideswiped by a touring car owned by Frank Benson of New York. The New York car had rounded a curve at a speed estimated to be about forty miles an hour and before the driver could straighten out he had sideswiped the Cole. The impact threw the Cole to one side, causing it to dash down an embankment, breaking the right front wheel off at the axle and completely demolishing the left front wheel. None of the occupants of either car were injured. The New York man left his name and car number with McNally and then proceeded to Providence where he claimed he had business. Deputy Motor Vehicle Inspector John B. Edgerton was called and made an investigation.

The carnival of L'Union St. Jean Baptiste d'Amerique opened Wednesday night with a big street parade in which over three hundred participated. The order of march was as follows:

Officers  
American Band  
Garde Council St. Cecile  
Garde Sacred Heart  
Members St. Jean Baptiste  
St. Mary's Choir Drum Corps  
St. Mary's Boys' Choir  
Clump  
City Officials  
Guests

The line of march was down Valley street to Jackson, down Jackson to Union, up Union to Main street and to the town hall. Along the line of march the town hall band, St. Mary's choir drum corps, led by Joseph F. Gaudreau, received a big hand. The corps was organized but four weeks ago and the youngsters showed fine talent.

At the town hall several selections were played by the American band. Joseph Lefebvre, president of the L'Union St. Jean Baptiste welcomed the members

## STOMACH BAD, END INDIGESTION WITH DIAPEPSIN

"Pape's Diapepsin" relieves stomach distress in five minutes. You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Diapepsin is noted for its speed in giving relief, its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Keep this perfect stomach doctor in your home—keep it handy—get a large sixty-cent case from any drug store and then if you should eat something which doesn't agree with you, if what you eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eruptions of acid and undigested food; remember as soon as Pape's Diapepsin comes in contact with the stomach all indigestion vanishes. It is the most efficient antacid known—the certainty and ease with which it overcomes stomach and digestive disorders is a revelation to those who try it.

A Plainfield man in town Wednesday said that the Jewett City team would have to go some. If Plainfield beats the Pilgrims then, there is that invincible outfit, the Sunnybrook camp.

## "My Crawford Is Really Two Ranges in One"

"AND I can use them together or separately, just as I wish. See what a nice gas stove I have at the end of the coal range, where it is most convenient! Five gas burners on the top, a great roomy oven, with a rack, and a folding broiler below the oven!"

"But much as I like the gas stove I simply couldn't get along without the coal range. Right now, you see, I've got my cold pack canner on the coal stove, while my jelly is boiling on the gas and the sugar is warming in the oven. And there's bread baking in the coal oven, too. That helps me save fuel—and I get a lot more done in a day."

"THERE'S another splendid thing about my coal range—the Crawford Single Damper. I set the knob at 'Bake,' 'Check,' or 'Kindle,'—which are plainly marked on the stove top—and I can always be sure my oven will be just the right temperature. This damper also regulates the heat under the top griddles."

A Jewett City man was down to New York a couple of days during the latter part of last week. He talked with railroad men in a position to know something about the strike. The man was advised not to worry, as there was no likelihood of its being called. It was pointed out to him the great number of men who had good jobs on the railroad that were using their influence against a strike. In Jewett City there are many who would like to see a show-down, with something decisive, so that about four or five times every year the "great strike" take wouldn't have to be put over on the long-suffering public.

## How to Be Rid of Dangerous Dandruff

If you have dandruff you must get rid of it quick—it's positively dangerous and will surely destroy your hair if you don't.

Dandruff heads mean faded, brittle, gray, scraggly hair that will not grow—then you are bald and nothing can help you.

The only sure way to abolish dandruff for good is to destroy the germ that causes it. To do this quickly, surely, and safely there is nothing as effective as Parlan sage, which you can get at any good druggists such as The Lee & Osgood Co., who guarantee it to keep away all dandruff, stop itching scalp and falling hair, and stimulate a new growth, or the cost, small as it is, will be refunded.

Parlan sage is a scientific preparation that supplies all hair needs—an antiseptic liquid, neither sticky or greasy, easy to use, and daintily perfumed.

## U. S. Will Run Trains If Need Be, Despite the Strike

Says Cummins

Washington, Oct. 16.—That the trains of the country, both freight and passenger, will continue in operation after a strike or no strike, if the Government has to take possession of the railroad, was the prediction made by Chairman Cummins (Rep. Ia.) of the Senate Committee on Interstate Commerce in an interview given to The World today.

He thinks the National Defense Act of 1916 contains all the authority necessary for the President to act in such an emergency as the threatened strike, but if not, that Congress will act ready to grant any further power required.

Senator Cummins has been in daily conference with President Harding on the situation. He was careful to state that his views could not be construed as reflecting the views of purposes of the Administration or as indicating what it contemplates doing to meet the strike danger. He was simply saying what could be done. He is very
